I LOVE READING

Joe

My friends don't like reading. They say it's boring!

Boring?? I love reading! It's great!! I spend hours reading books. There are always interesting stories to read and things to learn.

My dad used to read to me before going to bed when I was a little boy. It was my favourite part of the day! The stories were full of witches, gnomes, haunted castles, giants, elves, ogres, princes, princesses, fairies, wizards, genies...., fascinating characters that made me live incredible moments! I remember one about a dragon and a princess. I liked to imagine that I was the brave guy, the knight that saved the princess that was locked in a tower.

I prefer other types of stories now because I'm older. I particularly enjoy reading action and adventure stories. It's fun to believe that I'm the hero who fights the bad guys! Fantasy and space stories with aliens are my favourite too. And I'm also interested in real life stories because they make me think and imagine my reactions to many different situations in life.

Boring??? Reading can never be boring!!! I think it's a really interesting and exciting experience!!
