I authorize my child to have full access to the Lamar Public Library subscription databases, including at home. I understand this means that my child may be exposed to some inappropriate material, including material that may have sexual content.

This agreement will be in effect until my child turns 17 or until I rescind it in person at the library.

I also certify that I have the right to make this decision on behalf of my child.

For Your Information

Parents, please read the current library's Internet policy posted on our website.

Our educational databases comply with the federal Child Internet Protection Act (CIPA), however, it is possible that at home your child may click on a link within the databases that go to a website outside of the database which may not comply with CIPA. Therefore, we recommend that you use a filter at home to ensure that your children cannot get onto a site you deem inappropriate. We have tools on our website to help you.

We also offer fewer, more heavily curated, databases for use by minors on the Middle School homework page.
